

For many reasons, we aren't teaching *kids about money* in school and many parents don't know enough themselves to teach their kids how to manage money or invest it for the future.

This is where Camp Millionaire and The Money Game come to the rescue! We offer an entertaining, principle-based approach to an otherwise boring, taboo-laden subject. **We make learning about money fun!**

"The Money Game was fun and practical and I know I'll be able to use the information for years to come, which is a high compliment since I can barely recall what I did in most of my classes a week ago."

~ Tommy, High School Senior

Our unique trainings are as much about HOW we teach as WHAT we teach. You'll not only learn the **accelerated teaching techniques** we use to make our program so effective, you'll experience the program in real-time so you'll understand exactly what we teach and why.

You'll learn how to host your own Camp Millionaire and Money Game events in a variety of venues:

- Summer/Weekend Camps for Kids/Teens
- School Environments
- Youth Group Events/Enrichment classes

Teaching our programs will forever change the way you *and* your students think and make choices about money. Guaranteed!

"Fantastic Value! I'm absolutely impressed! ~ Bretta, Train-the-Trainer 2006"

Note: Curriculum is linked to education standards. Call us about private train-the-trainer programs for your school, organization or business.

This training program will change YOU forever! You will learn to teach kids (and adults) how to make, manage and multiply their money in ways you never dreamed.

Some of the many topics we explore...

- How your thoughts, beliefs and attitudes influence your money habits and choices.
- Why you must learn to be a smart investor.
- Why investing in real estate, businesses and the stock market is the key to being financially free.
- A simple tool/system to manage your money.
- Why giving back is one of the keys to creating financial freedom in your life.

"It's a great program! Excellent way to teach money concepts to kids."

— R.J., Atlanta Teacher Training 2006

Our programs are based on time-tested financial principles delivered in an entertaining, active learning environment so everyone learns faster and remembers more.

"Hands down, one of the most comprehensive, thorough, and unique training programs I have ever participated in. We were always active, always learning, and always growing. I appreciated the accelerated learning techniques Elisabeth uses because it allows us to learn more material in the limited time scheduled. Though the days were long, I didn't want them to end!"

~ David Dahan, Train-the-Trainer, 2009

Elisabeth Donati, President/Founder, started Creative Wealth Intl, LLC because no one taught her about money as a child.

She is a powerful trainer, author and coach and invites you to join her in her quest to teach others how to be happy and financially free!

Train-the-Trainer Workshops

FOR...

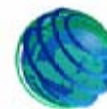

"Most financial seminars are filled with facts & figures where people sit around like stoic bankers. Elisabeth brought passion to her presentations. She recognized that there are different modes of learning and involved the entire audience. She made learning about money come alive."

~ Al, Train-the-Trainer 2008
