WHY IS MONEY IMPORTANT?

It's our exchange medium for goods/services (a.k.a. - to buy stuff)

It allows us to not worry about the day-to-day and to do what we're dreamt about - travel, have Fun + Benefit others.

Freedom!

↳ Unfortunately, it's what makes the world go around and I need to be on that money game!

Because Money = Power and Freedom. Freedom is what you want but have to work for.
