Things to throw where they fit, i.e., organically

- How you do anything is how you do everything.
- Stand up tall, make a great first impression, no hands in pocket, shaking hands.
- College is just ONE way, not THE way. Lots of millionaires never went to college.
- Choice, choice, choice; every chance you get.
- Anchored 'do it myself' by having them say it and touch their chest
- How great it feels to do good, help others
- How much more freedom they'll have by owning the business instead of having the job. It serves others also by employing people
- You'll throw in your own stories and it will be great.

Be very mindful of the time. It's critical to get to be able to do AT LEAST 6 rounds of the game!
