

As a woman, do you...

...worry about money all the time and wonder if you'll ever get ahead?

...know you need to start investing for your future but just can't, or don't know how, to get started?

...feel confused about how and where to invest?

...question if you'll ever be financially free?

If you answered "**YES**" to any of the above...

You are not alone!

Chances are pretty good that you weren't taught how to manage your money or create wealth when you were younger. If you were, you're lucky!

Most of us are having to learn the hard way.

Creative Wealth for Women takes a fun and entertaining approach to a subject that is too often filled with taboo, shame, guilt and embarrassment. We help you conquer the fear and overwhelm that keeps you from making your dreams come true. You'll explore your financial situation in a safe, supportive environment, while we empower you with easy to use tools to bring more money into your life and help you create financial peace of mind.

These are just some of the words women use to describe their experience...Hope, Useful, Practical

information, Safe environment, Supported, Fun, Laughter, Playful, Compassionate, Intense, Eye-opening and Life-changing.

Creative Wealth programs change the way you think about money, forever.

We'll explore...

- How your financial beliefs influence how you make and manage your money.
- How money flows into and out of your life.
- Simple money management tools you can use.
- Why and how to create passive income streams.
- Simplifying and maximizing your investment options, i.e., retirement/investment accounts.
- The three primary roads to financial freedom: stocks/mutual funds, real estate, business.

Time-tested principles...

Financial freedom isn't about luck and it doesn't take magic to create it. It takes having the right information, applying a few very simple principles and establishing some wise financial habits. ANYONE can become financially free!

"*Creative Wealth for Women* gave me HOPE!" is the number one testimonial we get from people who attend our programs. We want you to leave our program knowing you can do what it takes to be financially free! **Ages 16 to 106 welcome!**
